DOCUMENT SUPPORT

Our promise

Tell us the product, destination, quantity, specifications and delivery term. We build a tailored commercial offer covering availability, packing, product price and freight options.

SOURCED TO SPECIFICATION

Any Egyptian product can be evaluated and sourced subject to availability, buyer specifications, regulatory requirements and mutually agreed quality controls.

WHAT WE DO

Export Services

Flexible support from initial enquiry to final dispatch.

01 Product Sourcing

Supplier identification, specification matching and commercial comparison.

02 Quality Coordination

Pre-shipment checks, sampling and third-party inspection when requested.

03 Packing & Private Label

Bulk, food-service and retail-ready packing; artwork and label coordination.

04 Consolidation

Multi-product orders consolidated when technically and commercially feasible.

05 Shipping

Road, sea and air-freight options with freight quoted for each shipment.

06 Documentation

Commercial export documents coordinated according to destination and contract.
